D254SW
D254SW TELE

Big performance in a small package

- Due to its compact sizes and maneuverability, this wheel loaders can be operated in very tight spaces;
- Poclain hydrostatic transmission with 4-Poclain wheel motors and electric controlled slip differential for stable driving. Heavy Duty (HD) Poclain wheel motors are optional for more torque;
- Choose either the standard D254SW with a higher tipping load, or the D254SW TELE telescopic version that reaches higher. Travel speeds up to 9.5 mph.;
- Skidsteer Compact Universal mounting system. Compatible with other US manufactures.
