G5000 SERIES

Comfort and productivity

- A comfortable working environment has been created in the cabin so long working days are no problem. The steering column is fully adjustable and all necessary information can easily be read from a central display;
- The hydrostatic 4-wheel drive with automotive control (Rexroth) and 100% switchable lock on both, 16-tons, axles always provides enough grip, a lot of pulling force a smooth movement;
- The hydraulics can be extended to a servo-controlled version. A high flow version is also available, which can deliver 31.7 GPM to the chosen attachment;
- The G5000 can be configured completely according to your wishes. Depending on your work you choose a Z-bar, X-TRA or TELE version with correct options.
