# GT SERIES

## SPECIFICATIONS

<b>MODEL</b>	GT5048
<b>ENGINE</b>	50 hp
<b>SERVICE WEIGHT</b>	6,490 lbs
<b>LIFTING HEIGHT</b>	189 in.
<b>WORKING HYDRAULICS</b>	13.5 GPM
<b>MAX. SPEED</b>	6.2/15.5 mph

Less tire wear and ground damage

Enhanced comfort

Safe entry

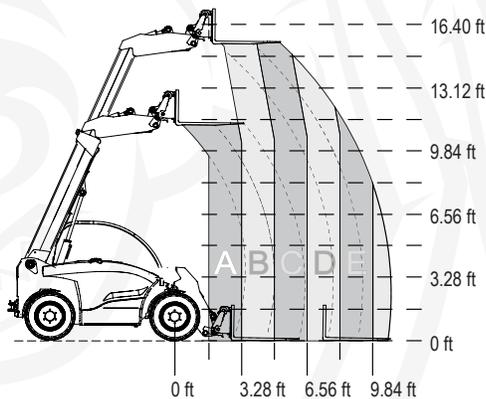

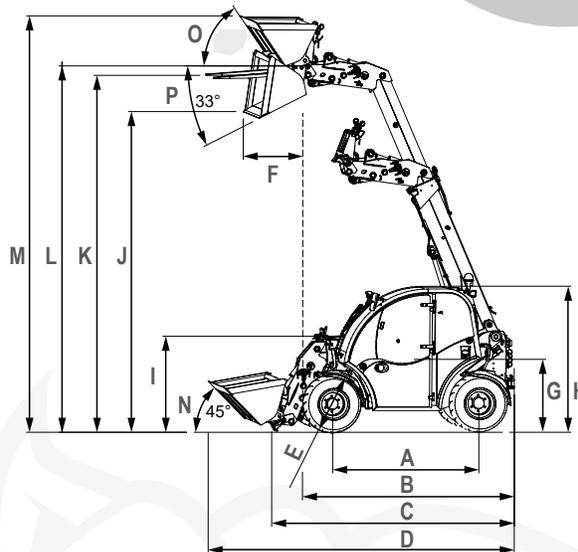

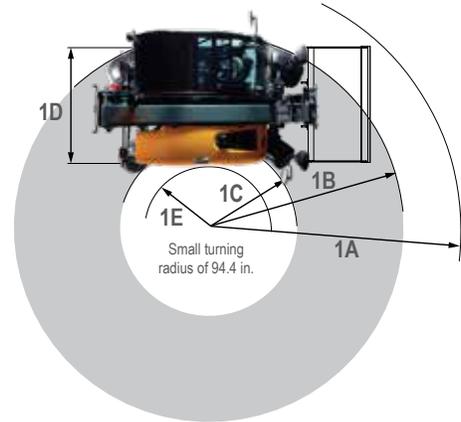

The GiANT GT5048 Telehandler powered by a Kubota 50 HP, 3-cylinder, turbo diesel engine. A diesel oxidation catalyst (DOC) and diesel particulate filter (DPF) aid the engine to achieve Stage V emission compliance, the cleanest in the industry! This machine is available in a telescoping boom configuration fitted with a standard skid steer quick attach plate (SSQA). The GT5048 also comes standard with a 2-speed gearbox and limited slip differentials. Planetary final drives deliver torque to the ground and achieve an impressive top speed of 15.5mph. This machine is available with a deluxe ROPS or a heated cab with optional AC, both offering a safe and ergonomic work environment. The GT5048 comes standard with Load Moment Control (LMC), ensuring proper management of the load handling capabilities. There are three steering modes available, two-wheel, four-wheel and optional crab steering offering maximum maneuverability in tight spaces. With the compact size and low profile this telehandler is a versatile machine in rental, agriculture, construction, landscaping and snow removal industries.

GiANT Loaders North America reserves the right to make changes in specification at any time without notice or obligation.
