COMPACT DESIGN, BIG PERFORMANCE

WORKHORSE

The G1500 offers a workhorse attitude with versatility to match. It's powered with a Kubota 3-cylinder engine that doesn't require aftertreatment systems for a reliable low cost machine to own and operate.

X-TRA POWER

The G1500 offers two different booms; the X-Tra for additional lift capacity and the standard for higher lifting/dumping height.

SWISS ARMY KNIFE

Couple a heated cab, road lights, and variety of tire options, this becomes a compact and powerful snow removal machine.
